### *Noida: Rakhi designs take flight of fancy....*

NOIDA: Ahead of Raksha Bandhan, the markets in Noida have brightened up with different types and colours of rakhi....

Avacayam, an NGO in Noida has also come up with some innovative rakhi designs. They have made rakhis from waste paper, plastic rings of the bottle cap, wool and silk threads discarded from a garment factory. Dr Madhumita Puri, a member of Avacayam NGO, said, "Every year we try to make some creative and innovative rakhis. We are experimenting with other materials like waste paper. Similarly, we made rakhis with discarded plastics, and waste papers while giving them cute cartoon shapes. By training people with disabilities, we have been able to create beautiful products for all ages.

This year the sale of rakhis touched a record high of 3,250 rakhis".

## ***The Big Facilitator***

What people see you do may not be remembered; what they hear you say may be forgotten; but how they feel your intervention in their times of need will forever be remembered.

For ...

Love is the great facilitator of the Universe's creation.

Which, if facilitated by a selfish being generates a hell, and by a loving being, a paradise.
