DISABILITY INDIA

by SOCIETY FOR CHILD DEVELOPMENT

Volume 2 | December Issue 1 | Society for Child Development

World Disability Day

The month of December has been an eventful one. Quite a few events have packed our days, overshadowing the winter cold. It started with 3rd December, which was the World Disability Day.

Prabhat Resource Center for children with disabilities conducted a short program on that day for guests and parents. There were dance numbers, poetry recitations, a short play and my personal favourite, martial arts demonstration.

Dare I say, it gave us; the admin and teachers, a new hope. A new direction.

Prabhat Resource Center

"I can't change the direction of the wind, but I can adjust my sails to always reach my destination" Jimmy Dean

Meet our Organization Heads

With their performance our team saw the potential that our students demonstrated. With practice and direction they were able to execute a plan. With that a new purpose has emerged from the seed that is Prabhat.

Under the guidance of Dr. Vijay Agarwal and Dr Madhumita Puri, Society for Child Development, since 1992, has created an environment where these beautiful, delicate lives have an opportunity to bloom to their maximum potential. And this is just the beginning of the new journey.

Disability Sports!

With an exciting start to the month, immediately came an action packed event. Oh boy, our students were excited.

All their hard work throughout the year was put to the test on the 10th of December. It was a sports meet held by "Ashirwad School for special children".

3 times a week, over the past year, our students have been training with a dedicated sports instructor. The training follows a structured curriculum. Thus, when the invite for the sports meet came, they were prepared and the time was to excel!

Congratulations to all the winners and participants of Prabhat Resource Center and a special thanks to Ashirwad School for organizing this event. May we all meet and compete again next year!

Hungry, Hungry Children!

Children are very energetic. Anybody who has dealt with even one, knows that.

How about 62 children?

Yes, Prabhat Resource Center works with 62 children with disabilities. Out of these 62 students, 52 are mentally challenged children, young adults and adults; 8 are hearing handicapped and 2 are wheelchair users. Of these 31 live with us.

"We are all part of the same story, each of us different chapters. We may not have the power to choose a setting or a plot, but we can choose what kind of character we want to be."

David Arnold, Kids of Appetite

A gift from our supporters

Food donations from our supporters are greatly appreciated as these rumbunctious children need the fuel to run amock on a daily basis. Their cuteness is directly proportionate to their naughtiness.

However, what is even more important than feeding them is for you, yes you, the supporter to be present there.

With your presence, our beneficiaries get to experience the kindness that the outside world has to offer to them. With your involvement, their development greatly improves.

Greatest gift of all!

People from all walks of life like to come to Society for Child Development. It is not what you give but the act of giving itself that tends to bring about a joy that surpasses the gift itself. The greatest gift that our NGO has received is you. The people who support us. Without you, this journey of 30 years would not have been possible. Merry Christmas & A Happy New Year!

About Us

Society for Child Development (SfCD) aims to create a platform of equal opportunities. Prabhat Resource Center and Prabhat Mobile School educates more than 350 children on a daily basis. Avacayam Foundation (an initiative of SfCD) creates employment opportunities for adults with disabilities. We do creative recycling of waste materials into products and sell them in the market through which we sustain their livelihood.

With your support we aim to reach out to many more people with similar needs.
